The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor be and he is hereby authorized and directed to execute, the City Clerk to attest, and the Commissioner of Public Works to approve, certain agreement between the City of Chicago, the Chicago Park District and State of Illinois, for the improvement of N. Lake Shore Drive between W. Fullerton Parkway and W. Irving Park Road, according to plans and specifications previously prepared, which agreement is in form and substance as follows:

AGREEMENT

NORTH LAKE SHORE DRIVE IMPROVEMENT
W. FULLERTON PARKWAY TO W. IRVING PARK ROAD
Section 42-Z-4RS

This Agreement, made and entered into by and between the Chicago Park District, a Municipal corporation, organized and existing under the laws of the State of Illinois, hereinafter referred to as "Park District", the City of Chicago, a Municipal corporation, organized and existing under the laws of the State of Illinois, hereinafter referred to as "City", the State of Illinois, acting by and through its Department of Public Works and Buildings, hereinafter referred to as "State".

WITNESSETH:

Whereas, the State of Illinois, the County of Cook, the City of Chicago, the Chicago Park District entered into an Agreement dated September 26, 1966, for the improvement of North Lake Shore Drive, W. Fullerton Parkway to W. Carmen Avenue; and

Whereas, the County of Cook has failed to award the contract between W. Fullerton Parkway and W. Irving Park Road on the basis of plans, specifications, estimate of cost and special provisions agreeable to other parties as provided for in Section 2 of the above mentioned agreement; and

Whereas, rejection and re-advertisement of bids by the County of Cook would result in loss of Federal Aid to project due to the time requirements established by the United States Government; and

Whereas, the loss of Federal Aid in any eligible project would effect extreme hardship, long delays in construction, and an unequitable burden to the tax payers of the State; and,

Whereas, the urgency of completing the project at the earliest possible date makes it necessary that the project be re-advertised at the earliest possible date; and,

Whereas, State of Illinois has requested and received permission from the Bureau of Public Roads to re-advertise for bids on this improvement between W. Fullerton Parkway to W. Irving Park Road; and,

Whereas, the State for and in consideration of the mutual promises herein contained is willing to construct the proposed improvement of the existing North Lake Shore Drive, W. Fullerton Parkway to W. Irving Park Road which will substantially and permanently effect the safety and facility of the traveling public; and,

Whereas, due to these aforementioned events together with the changes in the improvement limits, this agreement is proposed;

Now, therefore, in consideration of the premises and of the mutual promises hereinafter contained, the parties hereto agree as follows:

Section 1. Park District hereby conveys and grants to the State the right of entry to enter upon all Park District properties necessary for the purpose of constructing the improvement described herein and as shown on the drawing marked "Exhibit A" which is attached hereto and made a part hereof. City releases and grants to the Park District all lands now occupied by City as roadways and driveways, or parts thereof, which will be abandoned and no longer used for roadway and driveway purposes after completion of the improvements described herein.

Section. 2 Preliminary and final detailed plans, specifications, estimates and special provisions for this improvement shall be prepared by City at its expense and under its direction, subject to modifications by the State, and in accordance with and by virtue of the ordinance passed by the City Council of the City of Chicago, on December 19, 1962 (C. J. pp. 8796 and 8797) and any amendments thereto. It is understood that all utility adjustments and highway appurtenances to be shown on these plans will be confined to the immediate area of the project and that imposition on existing Park land will be held to a minimum. The final detailed plans shall delineate the areas of park property adjacent to the construction which will be occupied by the Contractor during construction work, and the Contractor (or Contractors) shall be required to construct temporary fencing along this line of delineation and confine their operations within the specified areas.

All plans, specifications and estimates of costs, contract documents and special provisions shall be subject to the approval of the parties hereto and the United States Department of Commerce. Changes made necessary in any detailed construction plans and the checking of shop drawings will be made by the City at its expense.

Section 3. State will construct or cause to be constructed the North Lake Shore Drive roadways between W. Fullerton Parkway and W. Irving Park Road, together with other highway facilities appurtenant thereto, in accordance with the said plans, specifications and special provisions referred

to hereinabove and as shown on the drawing marked "Exhibit A" which is attached hereto and made a part hereof.

State will relocate and construct in kind or cause to be constructed in kind any and all facilities and structures including the relocation of trees and other landscape features which are the property of Park District and which are required to be relocated or reconstructed in connection with the construction of this improvement, as set forth in the previous paragraph hereof, at locations to be determined and approved by Park District.

The City does not plan to include any Park District betterments or other than City highway betterments in their improvement. However, should it prove necessary or desirable to include betterments, the cost of the betterments will be borne by the City or the Park District as the case may be.

Section 4. Before the work is started on this project, a conference shall be held between the State, and other parties to this agreement and the Contractor (or Contractors) at a time and place to be designated by the State, for the purpose of co-ordinating the work to be performed, at which time a schedule of operations shall be adopted.

Beaches and other park, facilities will be kept available to the Public during the period of construction. State will remove roadway surfaces and sub-surfaces of those roadways, or parts thereof, which will be abandoned upon completion of the improvements provided herein and will replace said areas with earth and landscaping equivalent to the landscaping immediately adjacent to said area. State will restore all landscaped areas, utilities and other appurtenances of Lincoln Park damaged or destroyed by the construction work contemplated herein to a condition equivalent to that existing before entry of State thereon.

Section 5. City shall operate and maintain or cause to be maintained the aforesaid North Lake Shore Drive, including all other highway facilities and appurtenances thereto upon their completion. Park District shall maintain all of its facilities which are outside of the scope of the aforementioned roadways, interchange structures, highway approaches and all other highway facilities and appurtenances thereto. It is agreed that certain appurtenances, including but not limited to electric cable ducts, service both highway facility appurtenances and Park District facilities jointly; said joint appurtenances shall be maintained by City and Park District as their interest may appear, and both parties shall have access to said appurtenances for purposes of repair, construction and reconstruction.

Section 6. Construction operations will be carried on with diligence and care and in accordance with and as shown on the plans and specifications, in order to protect the property of both City and Park District. The State will require that the public liability and property damage insurance to be procured by their Contractor (or Contractors) include, protect and save harmless the City and Park District.

Section 7. Any amendments which may be passed by the City Council of the City of Chicago, to the ordinance heretofore referred to herein, which shall show and define the location of the improvements described herein as an existing North Lake Shore Drive between W. Fullerton Parkway and W. Irving Park Road are, and shall become and be an integral part of this agreement.

Section 8. Section 9. This agreement shall be binding upon and inure to the benefit of the parties hereto, their successors and assigns.

In witness whereof, the City of Chicago has caused this agreement to be executed in its behalf by its proper officers pursuant to an ordinance passed by its City Council on the..... day of ....., 19....., a certified copy of which ordinance is attached hereto and is hereby made a part hereof; said Chicago Park District has caused this agreement to be executed on its behalf pursuant to a resolution passed by its Board of Park Commissioners, on the ..... day of ....., 19....., a certified copy of which resolution is attached hereto and is hereby made a part hereof.

Gratitude and Appreciation Expressed to Unidentified Stranger for Rescuing Two Youths from Drowning in Lake Michigan.

Also a proposed resolution reading as follows:

WHEREAS, On July 4, 1967, two youths aged 16 and 17 were about to drown in Lake Michigan while attempting to swim on the north side of the 55th Street Promontory. After an approaching thunderstorm turned the lake choppy, one of the youths began to founder. The second youth swam to rescue him, but the first youth struggled violently and pulled down his friend. A passerby stripped, brought the first youth ashore, returned to help the second youth reach shore, stayed to give mouth-to-mouth resuscitation to the first youth, and quietly walked off without identifying himself. Both youths would have drowned without his intervention.

Often similar great acts of rescue are performed in Chicago without disclosure of the rescuer's identity and without the opportunity for the city to express personal appreciation.

Now Therefore, Be It Resolved by the City Council of the City of Chicago, That the gratitude and appreciation of the City of Chicago are expressed to the distinguished, selfless, anonymous rescuer of the two youths, and to all other anonymous rescuers of human life in Chicago who have set similar distinguished examples of unselfish love of their fellow man.

The following is said resolution as adopted:

WHEREAS, The fundamental requisite for progress in human activities is the protection of life and property, security in the home and respect for the rights of others;

WHEREAS, In recent weeks, in cities throughout our Nation, programs directed to improving the quality of life and expanding equal opportunity for all have been threatened and undermined by violence in the streets;

WHEREAS, This criminal activity has been supported by a mere handfull against the wishes and desires of virtually all citizens;

WHEREAS, The Nation is deeply concerned with conditions involving poverty, housing, equal opportunity in jobs, education, health and recreation;

WHEREAS, The City Administration and the Chicago City Council has undertaken constructive efforts to improve the quality of life for all its citizens and especially to meet the needs of disadvantaged citizens;

WHEREAS, This City Council desires to make it unequivocally clear to all, especially to those who resort to demagogic distortions in order to mislead the public, that the City Council of the City of Chicago has long advocated and does continue here and now to advocate a state-wide Fair Housing Law and calls upon the General Assembly to undertake to enact such law when it reconvenes its recessed session next month in Springfield;

WHEREAS, The City of Chicago has been fortunate in receiving so much cooperation from all segments of the society, especially the citizens themselves. The efforts of the Police and Fire Departments are especially to be commended, as are the efforts of so many thousands of citizens who each day, through their cooperation, make it possible for our society to continue in an atmosphere of peace and mutual cooperation;

WHEREAS, The Chicago Building Department, the Corporation Counsel's office, the Chicago Dwelling Association, the Chicago Housing Authority, and the Department of Urban Renewal, through a coordinated and intensive program has improved the quality of housing, demolished thousands of dangerous and hazardous buildings, has succeeded in reaching hundreds and hundreds of landlords in its program of compliance with building codes, has provided thousands of homes for senior citizens, and has created an atmosphere which has encouraged private developers to build thousands of new dwelling units to meet the needs of all income levels:

WHEREAS, Full scale programs in the fields of employment, manpower training, education, housing, health and recreation are under way in the City of Chicago and through the cooperation of labor and industry job opportunities for 26,500 unemployed persons and dropouts, 16 years of age and upwards, have been made available with 21,000 jobs now filled;

WHEREAS, The City of Chicago is the only large city in the Nation which is carrying on an aggressive rodent and insect control program — an endeavor which has already directly benefitted over half a million people in our city;

WHEREAS, Among the many programs which have already been instituted and are going forward are activities involving the cooperation of nearly 80 delegate agencies working in cooperation with the urban program centers to meet the needs of disadvantaged people; programs designed to help people to improve housekeeping practices conducted by health educators have already involved participation of 50,000 citizens; programs to prevent such tragedies as lead poisoning of children have led to the taking of blood samples from over 24,000 youngsters and an intensive program of education is being conducted; and

WHEREAS, The City of Chicago is pioneering in comprehensive health programs and has established health centers which will reach thousands of families who are unable to employ a private physician for health care; and

WHEREAS, Programs for social and recreational activities have been receiving high priority and with the cooperation of private and public agencies there are 133 swimming pools being operated in Chicago this summer and for the first time this year 55 of these pools have been opened for weekend and evening swimming; more than 200 spray pools are in operation and the Fire Department is offering splash parties for youngsters at 80 local schools; more than 400 playlots are available to children through the Park District and this year for the first time several public agencies have opened an additional 200 playlots; Lincoln Park is sending its travelling zoo into 50 parks for youngsters; at the University of Illinois, Chicago Circle Campus, an impressive and comprehensive program involving all athletic activities is being conducted for teen-agers; for older youngsters top athletes are available in parks this summer to offer training

and instruction in basketball, baseball and football; and

WHEREAS, All honest and interested persons recognize that full scale and massive as these programs are, still much remains to be undertaken in our city in order to achieve the fullness of the highest quality of urban life attainable in our modern society; now, therefore,

Be It Resolved, That we, the Members of the City Council of the City of Chicago, call upon the General Assembly of the State of Illinois to enact a state-wide Fair Housing Law when it reconvenes its recessed session next month in Springfield; and

Court Decisions.

Also communications from the Law Department addressed to the City Council, signed by Ronald S. Cope, Henry N. Novoselsky, Howard C. Goldman, Assistants Corporation Counsel and Marvin E. Aspen, Head of Appeals and Review Division, transmitting the following decisions, which were *Placed on File:*

Crane Paper Stock Company, an Illinois Corporation, Plaintiff-Appellee, vs. Chicago and North Western Railway Company, a Wisconsin Corporation, Defendant Counterclaimant-Appellee, and City of Chicago, a Municipal Corporation, Defendant-Appellant, Illinois Appellate Court No. 51158. The Appellate Court on August 4, 1967 rendered an opinion reversing a decree ordering the removal of a pier supporting a portion of the Dan Ryan Expressway and remanded the above cause to the Circuit Court of Cook County with directions to proceed in accordance with the opinion. On May 18, 1965, Judge Covelli of the Circuit Court of Cook County entered a decree holding that the plaintiff in this cause had an exclusive easement over property upon which a concrete pier holding up a portion of the Dan Ryan Expressway had been constructed and ordered that this pier be removed and said spur tracks which had allegedly theretofore existed on this property be restored; the Court also retained jurisdiction to determine the amount of damages suffered by the plaintiff. It was the City's contention that the plaintiff did not own a present easement and its right to use the subject property would come into existence only upon the happening of a contingency which might never occur. The Appellate Court agreed with the City's argument.

Richard J. Daley, etc., Plaintiff-Appellant, vs. Milton Rifkin, et al., Defendants-Appellees, Illinois Appellate Court No. 51263. On June 26, 1967 the Appellate Court rendered an order in the above captioned cause reversing the judgment of the Circuit Court of Cook County. The Circuit Court's judgment had affirmed an order of the License Appeal Commission of the City of Chicago which reversed the order of the Mayor revoking defendant, Rifkin's, license. The opinion of the Appellate Court remanded this cause to the trial court with directions to reinstate the license order of revocation. The Mayor's order of revocation was based upon the finding that the defendant's bartender, Meyer Berger, used the licensed premises to steer a patron to a female for purposes of prostitution in violation of the statutes of the State of Illinois and the ordinances of the City of Chicago. The Appellate Court said in upholding the Mayor's revocation order "the trial court was limited by the Administrative Review Act which provides that the findings and conclusions of the administrative agency on questions of fact shall be held *prima facie* evidence of fact".

Max Weinstein and Jack D. Goldberg, d/b/a Delaware Drug Co., Plaintiffs-Appellees, vs. Honorable Richard J. Daley, Local Liquor Control Commissioner, Honorable Howard S. Cartwright and William McGuffage—Commissioners: License Appeal Commission of the City of Chicago, De-

fendants-Appellants, Appellate Court No. 51190. On July 28, 1967 the Appellate Court of Illinois, First District, reversed the judgment of the Circuit Court of Cook County in the above entitled cause. The Circuit Court had set aside the order of the Local Liquor Commission (sustained by the License Appeal Commission) which had revoked the retail liquor license of the above named licensees. The license revocation in this case, presented a unique set of facts. The licensees conducted a combination of businesses, to-wit: a joint pharmacy, liquor store and miscellaneous sundries all available in the same premises. The license revocation was predicated on the findings that the licensees, through their agent-pharmacist, had sold barbiturates, amphetamine and hypodermic needles contrary to the provisions of the Statutes of Illinois. The Appellate Court held that the finding of the Local Liquor Commissioner was correct.

Wesley vs. Police Board, et al., Illinois Appellate Court No. 51432. On July 14, 1967 the Appellate Court rendered an opinion affirming the opinion of the Circuit Court of Cook County which had affirmed the decision of the Police Board of the City of Chicago ordering the plaintiff discharged from the City's Police Department. The plaintiff was charged and found guilty of "conduct unbecoming a Police Officer" and "immoral conduct". The Police Board found that the plaintiff permitted juveniles to come into his apartment when they were required to be in school; that he served alcohol to juveniles and had sexual intercourse with a minor not his wife. The Illinois Appellate Court in affirming the judgment of the Circuit Court, states in regard to findings made by an administrative agency that "the findings and conclusions of the Police Board are deemed prima facie true and correct; we may review these findings of fact to determine if they are supported by the evidence, but they can be set aside only if against the manifest weight of the evidence.

Tenant hereby waives all notice of any election made by Landlord under this agreement, demand for rent, notice to quit, demand for possession, and any and all notices and demands whatsoever, of any and every nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to Landlord and Tenant, or any other statute, or by the common law during the terms of this agreement. The acceptance of rent, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of Landlord's right to act without notice or demand or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this agreement.

If default to be made in the payment of the rent, or other charges herein reserved, or of any installment thereof, as herein provided, Tenant does hereby irrevocably constitute any attorney of any Court of Record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof, to waive trial by jury, to confess judgment in favor of Landlord and against Tenant for the amount of rent which may be then due, by virtue of the terms hereof, or of any extensions or renewals hereof, or by virtue of any holdover after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings and for said purposes to file in said cause his cognovit thereof, and to make an agreement in said cognovit, or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right to writ of error, and consenting to an immediate execution upon such judgment, and Tenant hereby confirms all that said attorney may lawfully do by virtue hereof. Landlord shall have a first lien on Tenant's interest hereunder, and on Tenant's property now or hereafter located in said premises, or elsewhere, to secure the payment of all moneys due hereunder, which lien may be foreclosed in equity and in case of any such foreclosure proceeding, a receiver shall be appointed to take possession of said premises and property and relet the premises under order of court.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof, or during any extension thereof, shall not be deemed to be waived, released or terminated, nor shall the right and power to confess judgment given in the preceding paragraph hereof be deemed to be waived or terminated by the service of any five-day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action of forcible detainer or ejectment, or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the premises. The Landlord may collect and receive any rent due from Tenant and payment or receipts thereof shall not waive or affect any such notice, demand, suit or judgment, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Tenant shall pay and discharge all costs, expenses and attorney's fees which shall be incurred and expended by Landlord in enforcing the covenants and agreements of this agreement, whether by the institution of litigation or in the taking advice of counsel, or otherwise.

The rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Article XII

Tenant shall observe and comply with all laws, ordinance, rules and regulations of the United States Government, State of Illinois, Counties of Cook and DuPage, City of Chicago and all agencies thereof which may be applicable to its operations or to the operation, management, maintenance or administration of the Airport, now in effect or hereafter promulgated.

Article IV

Tenant, after securing necessary permits therefor, shall, at its own cost and expense, erect and install on the demised premises structures and improvements (hereinafter referred to as "Building") at a total capital expenditure of not less than Two Hundred Thousand and No/100 Dollars ($200,000.00), including architect's and engineer's fees, cost of plans and specifications, and other costs incidental to such erection and installation. Tenant shall illuminate the apron in front of the Building and shall also install, maintain, and operate such obstruction or warning lights on structures in or constituting part of the demised premises as may from time to time be required to conform to Federal Aviation Administration standards or to conform to standards prescribed by any other governmental agency having jurisdiction.

Tenant shall not install, erect or place, or permit other to so do, any illuminated signs, placards, displays or other advertising media on Building or elsewhere on Airport, without the prior written consent of the Commissioner of Aviation.

Article VI

Title to Building and related improvements to the demised premises and to any and all subsequent alterations, modifications, and enlargements, shall upon completion thereof vest in Landlord.

In the event that the demised premises are required for Airport purposes prior to the expiration of this Agreement, the Commissioner of Aviation may, upon sixty (60) days advance written notice to the Tenant direct Tenant to vacate the same provided that Landlord, within sixty (60) days after Tenant's removal therefrom, will pay to Tenant the unamortized portion of the cost of the permanent structures improvements constructed and installed thereon; such amortization to be

Landlord hereby grants to Tenant the right of access and ingress to and egress from the Demised Premises by Tenant and its employees, contractors, suppliers, servicemen, sublessees, guests, patrons and invitees; provided, that such rights of access, ingress and egress, are at all times exercised in conformance with any and all regulations promulgated by Landlord or the Commissioner of Aviation or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public.

The operations of Tenant and its employees shall be conducted in an orderly and proper manner so as not to annoy, disturb or be offensive to others at the Airport. Landlord shall have the right to complain to Tenant as to the demeanor, conduct, or appearance of Tenant employees, whereupon Tenant will take all steps necessary to remove the cause of the complaint.

Tenant and its employees, invitees, and those doing business with it shall have no right hereunder to park vehicles upon the Airport premises, other than in places demised to Tenant pursuant to this Agreement, or except in regular parking areas upon payment of regular charges therefor.

Article VIII

Tenant shall not be obligated to operate the Demised Premises or to pay ground rent therefor during any time when all of the Demised Premises shall be untenantable as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents. In the event the Demised Premises are partially untenantable, as determined solely by the Commissioner of Aviation, through no fault or negligence of Tenant, its employees and agents, Tenant shall not be obligated to operate such part of the Demised Premises and the minimum rent shall be proportionately and equitably abated. Article IX

Tenant, at the expense of Tenant, shall keep in force, during the term of this Agreement, insurance issued by responsible insurance companies, in forms, kinds and amounts as determined and directed by Comptroller for the protection of Landlord and/or Tenant. In any event, Tenant is not to commence to exercise any of the right and privileges granted under this Agreement until such time as all insurance directed and required to be furnished by Tenant is in full force and effect.

Tenant expressly understands and agrees that any insurance protection furnished by Tenant hereunder shall in no way limit its responsibility to indemnify and save harmless Landlord under the provisions of this Agreement.

Tenant shall, before commencing construction of Building, furnish to Comptroller a Performance Bond in form similar to City Form No. P.W.O. 62 in the full amount of the Building contract with sureties satisfactory to said Comptroller.

Article XV

This Agreement shall not and will not, nor shall any copy thereof, or any statement, paper or affidavit, in any way or manner referring hereto, be filed in the office of the Recorder of Deeds of Cook or DuPage Counties, Illinois, or in any other public office, by Tenant or any one acting for Tenant and that if the same be so filed, this Agreement and each and every provision hereof shall, at the option of Landlord, be and become absolutely null and void and Landlord may declare such filing a breach of this Agreement.

Article XVI

In the event Tenant shall fail to keep and perform or shall violate the terms, covenants and conditions of this Agreement on its part to be kept and performed, and Tenant shall not have cured or corrected such failure or violation within thirty (30) days after written notice thereof shall have been given to Tenant.

If Tenant shall make an assignment for the benefit of creditors, or shall file a petition in bankruptcy, or shall be adjudged a bankrupt, and such adjudication be not stayed or vacated within 90 days thereafter, or the interest of Tenant under this Agreement shall be levied upon and sold upon execution or shall by operation of law become vested in another person, firm or corporation because of the insolvency of Tenant; or in the event that a Receiver or Trustee shall be appointed for Tenant or the interest of Tenant under this Agreement, and such appointment has not been vacated within 90 days thereafter.

Tenant shall make no claim of any kind against Landlord, its agents and representatives by reason of such termination or any act incident thereto.

In addition to terminating this Agreement, Landlord may sue for and recover all damages and rent accrued or accruing under this Agreement or arising out of any breach thereof.

The acceptance of rent by Landlord, whether in a single instance or repeatedly, after it falls due, or after knowledge of any breach hereof by Tenant, or the giving or making of any notice or demand, whether according to any statutory provision or not, or any act or series of acts except an express waiver in writing, shall not be construed as a waiver of Landlord's right to act or of any other right hereby given Landlord, or as an election not to proceed under the provisions of this Agreement.

The obligation of Tenant to pay the rent reserved hereby during the balance of the term hereof shall not be deemed to be waived, released or terminated by the service of any five (5) day notice, other notice to collect, demand for possession, or notice that the tenancy hereby created will be terminated on the date therein named, the institution of any action or forcible detainer or ejectment or any judgment for possession that may be rendered in such action, or any other act or acts resulting in the termination of Tenant's right to possession of the demised premises. Landlord may collect and receive any rent due from Tenant, and payment or receipt thereof shall not waive or affect any such notice, demand or suit, or in any manner whatsoever waive, affect, change, modify or alter any rights or remedies which Landlord may have by virtue hereof.

Article XVIII

Tenant shall be entitled during the term of this Agreement and for fifteen (15) calendar days after termination thereof, to remove from the premises any and all trade fixtures, tools, machinery, equipment, materials and supplies placed thereon by it pursuant to this Agreement, subject, however, to any valid lien Landlord may have thereon for unpaid rentals or other amounts payable by Tenant to Landlord, and provided that Tenant shall have repaired all damage resulting from said removal.

Payment due in landing fees for operation at Merrill C. (13) La Grange Park at its own cost and expense, shall provide and install the meter vaults, the meters and meter equipment measuring and controlling the said supply of water taken by La Grange Park at the Brookfield-North Riverside Water Commission reservoir, located at 8636 Brookfield Avenue, Brookfield, Illinois, which vaults, meters and meter equipment shall be of such type, size and design as shall be satisfactory to and approved by the Commissioner of Water and Sewers of City. The control valves and such meters, meter equipment, meter vaults and valves shall at all times be under the control of City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of La Grange Park, solely.

(14) La Grange Park and Commission expressly agree that the properly authorized officers, agents and representatives of the City shall at all times have free access to said meter or meters, shut-off gate or gates and all other facilities herein provided for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by La Grange Park, and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair, and to make such repairs on the same as may be necessary, the cost and expense of any and all necessary repairs to be borne by La Grange Park. Any denial or interference with such free access to said meter or meters and facilities shall be sufficient cause for City to shut off the water furnished hereunder and terminate this agreement.

(15) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered, or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year, or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(16) La Grange Park at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the point of connection herein designated. If at any time the meter or meters or meter hous-

ing, which are also to be provided by La Grange park shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by La Grange Park.

(17) La Grange Park shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and other such appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. La Grange Park agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(18) The water supply furnished and taken hereunder shall be drawn by La Grange Park at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(19) La Grange Park agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. La Grange Park further agrees that the duly authorized engineers and inspectors of the City in collaboration with the representatives of La Grange Park shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of water users within, as well as of the nine (9) water users herein provided for outside the territorial limits of La Grange Park. La Grange Park further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of La Grange Park to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by La Grange Park.

(20) La Grange Park agrees to prevent excessive use and waste of water.

(21) La Grange Park agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. La Grange Park further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(22) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(23) In order to safeguard its water supply received hereunder and the water supply of City and Commission, La Grange Park hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality by the City.

(24) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner, that the Commissioner of Water and Sewers of the City shall see fit.

(25) La Grange Park agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the water supply of the City and Commission, and further agrees that the duly authorized Engineers and Inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within La Grange Park's distribution system.

(26) La Grange Park agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the territorial limits of La Grange Park, except if and when it should be specifically authorized so to do by the City Council of the City.

(27) La Grange Park agrees to use City water exclusively during the period of this contract.

(28) La Grange Park further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer or water whose premises are located outside the territorial limits of La Grange Park, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the territorial limits of La Grange Park without first securing the consent in writing of the City Council of the City so to do.

(29) At the end of each calendar year during the term of this contract and not later than March 31st of each year, La Grange Park agrees to submit to the Commissioner of Water and Sewers of the City, a report in writing showing in cubic feet or gallons the amount of water furnished La Grange Park and the amount in quantity and charges billed by it to

consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(30) At the end of each billing period, but at least quarterly, La Grange Park agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of La Grange Park located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(31) To secure prompt payment of the water bills, the City shall have the right at any time to require La Grange Park to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by La Grange Park for a period of ninety (90) days at the then prevailing metered rate, which said advance payment La Grange Park hereby agrees to make upon demand.

(32) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. La Grange Park agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature, and description which may arise as the result of the making of this agreement.

(33) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(34) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City, La Grange Park and Commission under the water supply contract No. 18455 dated December 11th, 1956, which expired November 7th, 1966 and the amendment to contract by and between the City of Chicago, the Village of La Grange Park and the Brookfield-North Riverside Water Commission, No. 21266, dated January 6th, 1960, which expired November 7th, 1966 and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain payment for, or to enforce collection of any unpaid charges accruing prior to the date of execution of this agreement.

(35) If La Grange Park shall refuse, neglect or fail to pay promptly the water bills rendered by City for the water supplied hereunder within the time or times prescribed by the ordinances of the City, or if La Grange Park or Commission shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or performed hereunder, the City shall deliver at the Village Hall at La Grange Park, Illinois, addressed to the President and Board of Trustees of La Grange Park, or in case of the failure, refusal or neglect of Commission, to the Chairman of the Brookfield-North Riverside Water Commission, at 8636 Brookfield Avenue, Brookfield, Illinois, a notice in writing of its intention to shut off the water supply on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days La Grange Park or Commission, as the case may be, shall make good such failure. The shutting off of the supply of water for any cause, shall not release La Grange Park from its obligations to make payments of any amounts due in accordance with the terms hereof.

(36) No assignment or transfer of this agreement shall be made by La Grange Park or Commission.

(37) La Grange Park hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(38) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(39) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

SECTION 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the city. 50% shall be paid by the Operator.

SECTION 14. The Operator agrees to keep accurate records, books, and accounts in a manner directed by the Commissioner and authorized personnel shall have the right to examine said records, books, and accounts at any reasonable time.

SECTION 15. The Operator agrees to deliver to the City at the time of execution of this agreement, an approved government bond payable to Bearer or the City of Chicago or an approved performance bond in the amount of $30,000.00 and conditioned upon the full and faithful performance by the Operator of each and all of the covenants and agreements and undertakings as set forth in this Agreement. Such bond to be approved by the Comptroller.

SECTION 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

SECTION 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definition.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 1 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 1, which shall apply to the year covered by this contract (1967), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 1, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $12,000, being 4% of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" being a part of this agreement is printed in this Journal on page 745.]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 1 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $182,119. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $15,176, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 1 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $300,000 (or a Monthly basis of $25,000) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 1 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $12,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 1 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $400,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $440,000 and $330,000, and additional fees would apply to an aggregate amount of $110,000.

The above elevations as fixed shall be measured from Chicago City datum as established by the City Council of the City of Chicago.

The roadway(s) of the several street(s) heretofore specified between the points herein described, also the roadway(s) of all intersection alley(s) extended from the curb line to the street line on each side of said specified street(s) between the points herein described shall be so graded by cutting for filling and compacted by rolling with a roller of ten (10) tons weight that after the grading of the roadbed(s) is completed and the pavement herein described placed thereon, the surface of the finished pavement at the center of the roadway of each of said specified street(s) shall be at the elevation of the top of the curbing herein described; and the surface of the said finished pavement at the summits in the gutters between catchbasins and adjoining the roadway face of the curbing shall be three (3) inches below the top of said curbing, and at the catchbasin inlets in the gutters adjoining the roadway face of the curbing shall be nine (9) inches below the top of said curbing. The slope of the gutters adjoining the roadway face of said curbing shall be uniform from the summits to the catchbasin inlets.

A transverse section of the surface of the finished pavement and gutters shall be an arc of a circle passing through the said gutter elevations and the elevation of the center of said finished roadway at every part of the roadway of each of said specified street(s) between the points herein described.

In all intersecting alley(s) herein specified at the street line(s) of said specified street(s) the surface of the finished pavement adjoining the curbing shall be even with the top of the curbing, and the surface of the finished pavement at the center of the roadways of said alleys shall be three (3) inches below the top of the curbing; and a transverse section of the surface of the finished pavement at the street line(s) of said specified street(s) shall be an arc of a circle passing through the surface of the pavement adjoining said curbing and the surface of the pavement at the center of said finished roadway(s). The surface of the said pavement thence shall slope gradually to meet the surface of the finished pavement at the curb lines of said specified street(s).

On the sub-grade as formed and compacted shall be spread an insulation course of limestone screenings. Said insulation course shall be one (1) inch in thickness and shall extend across the full width of the roadbed.

On the insulation course as formed and compacted shall be spread a foundation course consisting of a layer of crushed limestone of the best quality, broken so as to pass through a ring of four (4) inches internal diameter and held on a ring of two (2) inches internal diameter. The stone spread shall be well graded as to sizes. It shall be evenly distributed so as to leave no pockets filled with the small size stone. This layer shall be thoroughly rolled with a self propelled three wheel roller, weighing not less than ten (10) tons. The rolling shall begin at the edge of the pavment and the roller shall move parallel with the center line of the roadway. The roller shall progress gradually towards the center of the roadway, uniformly lapping each proceeding track, covering the entire surface with the rear wheels and continuing until the stone does not creep or move ahead of the roller. After the crushed limestone has been thoroughly rolled and keyed, limestone screenings shall be applied gradually over the surface and the rolling continued until sufficient screenings have been applied to completely fill the interstices.

The screenings shall be swept in with hand brooms to properly fill the voids. The spreading and rolling shall continue until no more screenings will go in dry. No excess of screenings shall be used before applying water. Immediately after the voids have been filled with screenings, the macadam shall be sprinkled until saturated, the sprinkler being followed by a roller. More screenings shall be added if necessary. The sprinkling, sweeping and rolling shall continue until a grout shall be formed of the screening and water that will fill all voids, and form a wave of grout before the wheels of the roller. The quantity of screening and water necessary to fill the voids shall be determined by the engineer and shall be sufficient to produce a rough, granular surface. The rolling, at

all times, shall begin at the sides, and then progress toward the center, thoroughly covering the entire surafce with the rear wheels. When compacted, this layer shall measure not less than five (5) inches in thickness.

Upon the finished waterbound macadam base there shall be uniformly applied by an approved type of spreader box, two (2) inch stone to a depth providing a total base course thickness of three (3) inches after final compaction. After shaping to grade and rolling with a ten (10) ton roller three quarter (¾) inch stone chips shall be broadcast and broomed into the surface voids at the rate of fifteen (15) pounds per square yard. Liquid asphalt at a temperature of 140 degrees F. shall be uniformly applied by a pressure distributed at a rate of one and one-half (1½) gallons per square yard. Stone chips shall again be broadcast and broomed uniformly over the surface at the rate of fifteen (15) pounds per square yard. Liquid asphalt shall be uniformly applied by a pressure distributor at the rate of one-half (½) gallon per square yard. Stone chips shall be broadcast again at the rate of ten (10) pounds per square yard. The surface shall then be thoroughly rolled. The asphalt shall conform to the State Specification for Emulsified Asphalt R.S. 1 and R.S. 2, Page 640 of Illinois Standard Specifications for Road and Bridge Construction adopted January 2, 1952.

On the said foundation course shall be placed an asphaltic concrete surface course two (2) inches in thickness consisting of an asphaltic concrete mixture conforming to the standard requirements of the Illinois State Division of Highways for Type 1-11 Asphaltic Concrete adopted January 2, 1952, as follows: The asphaltic mix shall consist of a mineral aggregate bonded with the asphaltic cement. The mineral aggregate shall consist of the best quality of crushed gravel or crushed stone in sizes graduated in accordance with the following table, viz:

Asphaltic Concrete Surface Coursed, Fine Dense Graded Aggregate Type.

Passing ½ inch sieve	95-100%
Passing ½ inch, retained on No. 4 sieve	45- 65%
Passing No. 4 retained on No. 10 sieve	10- 30%
Passing No. 10 retained on No. 40 sieve	5- 18%
Passing No. 40 retained on No. 50 sieve	7- 22%
Passing No. 80 retained on No. 200 sieve	5- 13%
Passing No. 200 sieve	4- 8%
Bitumen	5- 7%

(Table 45. 11p. 247 State Specifications)

The asphalt cement shall conform with the standard requirements of the Illinois State Division of Highways for Grade P.A. 6 Paving Asphalt, adopted January 2, 1952. It shall have a flash point (Cleveland open cup) 500 plus Fahrenheit. It shall have penetration at seventy-seven (77) degrees Fahrenheit of seventy-five (75) to eighty-five (85), and at least ninenty-nine and five-tenths (99.5) per cent of bitumen shall be soluble in carbon disulphide.

When fifty (50) grams of said paving asphalt is heated in an uncovered tin box five and one-half (5½) centimeters in diameter and three and one-half (3½) centimeters in depth, and is held at a temperature of three hundred and twenty-five (325) degrees Fahrenheit for five (5) hours, then it shall have lost not over two (2) per cent by weight and the penetration of the residue thus obtained shall not be less than seventy (70) per cent of the penetration before such heating, said penetration being determined as herein described. Said paving asphalt shall have a ductility of not less than one hundred (100) centimeters being determined by elongating a briquette Dow form of said paving asphalt at uniform rate of five (5) centimeters per minute at a temperature of seventy-seven (77) degrees Fahrenheit.

The paving asphalt and mineral aggregate shall be mixed when heated between three hundred (300) and three hundred fifty (350) degrees Fahrenheit in an approved mixer to produce a homogenous mixture in which all particles of aggregate are coated uniformly. The heated mixture shall be delivered to the pavement in trucks with approved clear right dump bodies. The temperature when delivered at the street shall be between two hundred fifty (250) and three hundred fifty (350) degrees Fahrenheit. Upon arrival the asphaltic mixture shall be spread upon the prepared base at a uniform depth and consistency so that the thickness when compacted as herein described will be two (2) inches.

Immediately after the asphalt surface course shall be spread it shall be connected thoroughly and uniformly with a three (3) wheel roller or a tandem roller. The asphalt paving mix shall be dumped first upon approved steel dump pans outside of the area on which it is to be spread. Immediately thereafter it shall be distributed into place with shovels and spread with rakes in layers of uniform density and correct depth, unless a spreading machine is used. If a spreading machine is used it shall be of a type approved by the Board of Local Improvements. Immediately after the surface course mixture is placed it shall be compacted thoroughly with a three-wheel roller or a tandem roller. One (1) or more three-wheel rollers and one (1) or more tandem rollers will be required. The actual number of such rollers to be determined by the Engineer in accordance with the progress of the work. If the production of the asphalt plant delivered to the pavement exceeds seventy-five (75) tons per hour additional rollers shall be furnished as directed by said Engineer. After a final rolling the asphalt surface course shall at all points have a density of not less than ninety-five (95) per cent of the maximum possible density of a voidless pavement composed of the same materials in like proportions.

POZZOLANIC *BASE* COURSE.

IV-2. On the subgrade as formed and compacted shall be placed and compacted to the depth shown on the plans and as herein provided:

(a) The pozzolanic base course shall be constructed in layers not more than 6 inch (compacted) in thickness. When the thickness specified is more than 6 inches the base course shall be constructed in 2 or more approximately equal layers. Each layer shall be deposited, full-lane width, directly on the prepared subgrade or on the preceding layer of compacted mixture with a mechanical spreader box of a type approved by the Engineer. Where the base must be constructed in more than one layer, the previous layer shall be maintained in a moistened condition until the succeeding layer is placed. After having been tested for density and approved by the Engineer, the previous layer shall be raked to a depth of one inch and dampened with water immediately prior to placing the succeeding layer so that the layers are in it together. The second layer must be placed the same day as the first layer. The Engineer of the Board of Local Improvements shall determine when the base course shall be constructed in one or more lifts. When

placed, the pozzolanic mixture shall be free from segregation and shall require minimum blanding and manipulation. Immediately after placing, the mixture shall be compacted with a pneumatic-tired roller, or with a vibratory compactor, or with a combination of the two. The base course, shall be given a final rolling with a three wheel or tandem roller. If the pozzolanic base is placed on gradual sub-base, the pozzolanic base shall be compacted to at least 100 per cent of maximum density except that if more than one layer is required the first lawer shall be compacted to 97% of maximum density and succeeding layers shall be compacted to 100% of maximum density.

(b) All pozzolanic mixture shall be placed and compacted the same day as it is mixed. The entire base course within the increment of work shall be completed within 24 hours.

(c) Except in specific cases, when otherwise permited by the Engineer the pozzolanic base course mixture shall be placed between April 15 and October 15 and only when the temperature is 40° or more.

(d) The three wheel or tandem rollers shall weigh from 6 to 10 tons and shall weigh not less than 200 pounds nor more than 325 pounds per inch width of roller. The compression developed by the pneumatic-tired roller shall be not less than 225 pounds per inch of tire width.

IV-4. MATERIALS. All materials shall conform to the following requirements:

(a) Lime. High-calcium hydreated lime or monohydreated lolomitic lime shall be used. The lime shall have a total oxide (calcium and magnesium) equivalent of not less than 85 per cent and a loss of ignition of not more than 25 per cent. Monohydrated dolomitic lime shall have only the calcium component hydrated. Exposure of the lime to air shall be held to a minimum. If more than 10 per cent of the line has reverted to a corbonate, it shall not be used.

(b) Fly ash. The pozzolan, prior to dampening thereof to alleviate the dust problem shall comply with the requirements of ASTM Designation: C-379 or C-432 with 10% maximum loss on ignition. The tests prescribed by this specification shall be performed at the option of the Engineer. At the time of mixing the pozzolan shall be in a finely divided condition such that 95% shall pass a ½ inch sieve when dry-sieved.

(c) Course Aggregate. The coarse aggregate shall be gravel, crushed stone, crushed slag or boiler slag meeting the following requirements:

(1) Gravel, crushed stone or crushed slag. The gradation for all three materials, shall be as follows:

No. 200	
(gravel)	0- 10%
(crushed stone & slag)	0- 15%

(2) Boiler slag. The slag shall be wet bottom boiler slag produced as a by-product of a power plant burning pulverized bituminous coal. The slag shall be composed of hard durable particles and shall be free of excessive or harmful amounts or foreign substances. Boiler slag or granulated slag in an oven dry condition shall meet the following graduation requirements:

Sieve	*Per Cent by Weight Passing*

(d) Samples. The contractor, shall at his own expense, submit to the Engineer a minimum of 25 pounds of lime, 100 pounds of fly ash and 150 pounds of the course aggregate which he proposed for use in the pozzolanic mixture. The lime, when sampled, shall immediately be placed in a sealed container and shall be kept sealed. Samples shall be furnished at least 45 days prior to the construction of the pozzolanic base course. The samples as submitted will be tested for acceptance of materials and also to determine whether or not they will produce a satisfactory mixture; and will be used to determine preliminary proportions for the mixture composition.

VV-4. COMPOSITION OF MIXTURE.

(a) The lime, pozzolan, and aggregate shall be proportioned within the following limits on a dry-weight basis:

PERCENT BY WEIGHT OF TOTAL DRY MIXTURE

Ingredient	*Gravel, Crushed Stone, Crushed Slag or Aggregate Blend*	*Boiler Slag*
Lime	2- 5	2- 4
Pozzolan	8-16	15-30
Aggregate	79-90	56-78

(b) The actual proportions of lime, pozzolan, water and aggregate will be set by the Engineer before work begins and will be based on tests conducted on mixtures composed of samples of the constituent materials furnished by the Contractor. The right is reserved by the Engineer to make such changes in proportions during the progress of the work as he may consider necessary.

(c) The composition of the mixture shall be such that when molded into cylinders, cured and tested as stated in the following paragraph, each cylinder shall have a minumum compressive strength of 450 psi and a maximum weight loss of 14% after 12 cycles of freezing and thawing.

The molded specimens shall immediately be placed in an oven with forced air circulation for 7 days at 100+3°F. At the end of 7 days, the test cylinders for compressive strength testing shall be removed from the containers, allowed to cool to room temperature, soaked for four hours capped and broken for compressive strength within one hour of time or removal from water. The specimens to be tested for freeze-thaw resistance shall be cured in the same manner as the strength specimens without the 4 hour soaking period. After curing the specimens shall be subjected to 12 cycles of freezing and thawing in accordance with AASHO Designation: D 560, sections 5, 9 and 10 pertaining to specimen No. 2 (weight loss specimen).

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor, on behalf of the City of Chicago is authorized to execute and the City Clerk to attest, upon approval of the Corporation Counsel as to form and legality, an Agreement of Participation and Limited Agency between the City of Chicago and State of Illinois, said Agreement to be in substantially the following form:

AGREEMENT OF PARTICIPATION AND LIMITED AGENCY (STATE-ASSISTED AIRPORT CONSTRUCTION) STATE OF ILLINOIS PROJECT

This Agreement, made and entered into by and between the Department of Aeronautics (hereinafter referred to as "Department"), for and in behalf of the State of Illinois, as party of the first part, and the City of Chicago (hereinafter referred to as the "Municipality"), as party of the second part;

Witnesseth:

Whereas, the Municipality desires to sponsor an improvement of a public air navigation facility, known as Chicago-Midway Airport; and

Whereas, this project shall be identified as Chicago-Midway Airport project, Chicago, Cook County, Illinois; Ill. Project No. 69A-5-429; City Specification No. 80.85-67-37; and

Whereas, the Department has had appropriated to it certain monies for the development of public air navigation facilities, subject to the provisions of Section 34 of the Illinois Aeronautics Act; and

Whereas, the Municipality has requested the Department to allocate funds for said project, and to act as its agent in certain matters connected therewith; and

Whereas, the parties hereto, by this agreement, intend to fix their respective authorities and responsibilities, with reference to the accomplishment of said project;

Now, Therefore, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this agreement and the respective covenants herein contained, it is mutually covenanted and agreed as follows:

1. The Municipality shall be the "sponsor" of the project above identified, except as set forth in paragraph 2 immediately hereafter following:
2. The Department shall contribute to and sponsor the accomplishment of the project by its rendering and furnishing of certain engineering services as follows: Approval of contracts and change orders, general supervision and inspection and checking and approval of periodic estimates.
3. As between the Municipality and the State of Illinois, the Municipality shall be the contractual party to such construction contract or contracts as shall be entered into for the acomplishment of the project, subject only to the agency provisions hereinafter set out.

4. The Municipality, in addition to plans, specifications and estimates of cost for said project shall furnish or cause to be furnished, adequate, capable and qualified resident project engineers and materials testing technicians acceptable to the Department and shall render such project reports as shall be required by the Department; shall further render a semifinal and a final inspection report on the project work (or, if more than one construction contract is involved, then on each phase of the project work which is covered by separate contract) to the Department, and in conjunction with such final inspection report or reports it shall certify to the Department that the work involved has been fully completed in accordance with the contract or contracts, and that such work has been accepted.

5. The Department is hereby authorized, empowered, appointed and directed to act as agent for and on behalf of the Municipality, to exercise such overall supervision and direction of the project work as its personnel will permit, provided, that in exercising said supervision and direction of the project work, neither the Department nor the State shall be held responsible or be chargeable for any damage resulting from performance or attempted performance of said project work or for any other cause or reason; which agency responsibilities, duties and authorities, the Department hereby accepts and assumes for execution and discharge according to the best of its ability.

6. The estimated total of construction costs for said project is four million, four hundred twenty-five thousand dollars ($4,425,000.00). The Department hereby agrees, with the approval of the Governor, to participate in the project, for payment of such construction costs as are not barred by Section 34 of the Illinois Aeronautics Act, from funds appropriated to the Department by and under Section 6, House Bill 2145, 75th General Assembly, up to the amount of two million dollars ($2,000,000.00). It is further agreed that the Municipality will reimburse the Department for any payment or payments made hereunder by the Department, which shall be in excess of the maximum State funds committed to this project. Payments to the Contractor shall be made from time to time on the basis of field reports submitted by the Project Engineer and approved by the Chief Engineer, up to said maximum State funds committed.

   Accordingly, it is estimated that the share of the Municipality in the estimated project construction costs will be approximately two million, four hundred twenty-five thousand dollars ($2,425,000.00), and that its share of total project costs will be approximately two million, four hundred twenty-five thousand dollars ($2,425,000.00). However, the Municipality specifically agrees that in any event, it will pay on project construction costs any amount by which the total of actual project construction costs may and shall exceed the sum of the State funds as are herein committed, as the same may be incurred by reason of contingencies, overruns, engineering errors, or otherwise in order to complete the work, subject, however, and only, to the limitation as to revenue raising and restrictions on bonded indebtedness imposed by State statute and constitution.

7. All construction or development work on the said project shall be subject to the general supervision or direction of the Department and all disbursements of State funds in connection with said project shall occur on the following basis:

(a) The Municipality shall establish and maintain special designated accounts in which shall be deposited all State funds pertaining to the project. All State funds granted for said project shall be deemed to be trust funds, and shall be applied by the Municipality for the purpose for which they were granted by the Department. The Municipality shall not have the right to draw checks against said account, or make withdrawals therefrom, without the approval of the Department. The Department shall be furnished with copies of the vouchers authorizing withdrawals of funds from said account.

(b) The Municipality shall transmit to the Department, from time to time, written requests for funds comprising part of the grant being made by the Department for the purposes of said project, which requests shall be in such form and shall contain such information, and which shall be accompanied by such supporting reports, certifications, approvals, authorizations, bills or other documents, as the Department may require.

(c) When satisfied that it is lawful and proper for the requested funds to be provided, the Department will prepare, execute, and deliver to the appropriate State department, agency or official, all necessary vouchers or documents required to induce the action thereof in providing such funds. The Department may, if it so desires, supply the Municipality with the forms of vouchers or documents, aforesaid, and require the Municipality to fill in and prepare said forms for the Department's execution.

8. The Municipality agrees to comply at all times with the conditions prescribed in the second provision of said Section 34 with respect to which the Municipality is required to satisfy the Department under the terms thereof.

9. The Airport shall be used, operated and maintained at all times by the Municipality for the use and benefit of the general public without unjust discrimination, in accordance with all applicable Federal and State Laws and the rules and regulations prescribed thereunder, and in accordance with the covenants and assurances of the Municipality made with and to the United States.

10. The Municipality shall file with the Department such reports concerning the matters covered by this agreement, including the use, operation and maintenance of the Airport, as the Department may require from time to time.

11. Notices, reports or other communications required by or transmitted pursuant to this agreement to the Department shall be directed to the attention of the Director of Aeronautics, Department of Aeronautics, State of Illinois, Capital Airport, Springfield, Illinois.

    Notices, reports or other communications required by or transmitted pursuant to this agreement to the Municipality shall be di-

rected to the attention of the Commissioner of Aviation and the City Comptroller, City Hall, Chicago, Illinois, 60602.

12. This contract shall be and is deemed to be one entered into pursuant to the Illinois Aeronautics Act of the State of Illinois, and shall be construed and given effect, in accordance with said Act and not otherwise.

In Witness Whereof, the parties hereto have caused this agreement to be executed, and their respective seals affixed as of the dates respectively hereafter set forth.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Mayor is authorized to execute on behalf of the City, and the City Clerk is authorized to attest, an agreement whereby the Chicago and North Western Railway Company grants to the City a license to construct, maintain and use a water pressure tunnel through and under the tracks of the Chicago and North Western Railway Company immediately north of and adjacent to W. Wilson Avenue at N. Avondale Avenue and the Kennedy Expressway, and in the immediate vicinity of the Mayfair Pumping Station, substantially in the form as follows:

Chicago and North Western Railway Company (hereinafter called "Railway Company") hereby licenses City of Chicago, Illinois (hereinafter called "Licensee") to construct, maintain and use, a water pressure tunnel (hereinafter called "facility") upon the property and under tracks of the Railway Company at Chicago (Mayfair) Illinois in the location and position, and in accordance with the specifications shown on map dated June 16, 1967 hereto attached marked Exhibit "A" and, by this reference, made a part hereof.

The foregoing license is given upon such express terms and conditions as are inserted below, as well as those contained upon the subsequent printed pages, and should the Licensee at any time violate any of said terms or conditions, or use or attempt to use said facility for any other or different purpose than that above specified, then the Railway Company may, at its option, immediately revoke this license.

The foregoing license is subject to the following conditions:

First. The work of construction and maintenance shall be done and completed in good and workmanlike manner at the sole expense of the said Licensee. Said work shall be done in such manner as in no way to interfere with or endanger the use of the property or tracks of the Railway Company, or the operation thereon of any engines, cars or trains. The Chief Engineer of the Railway Company shall have the right to inspect such work from time to time and to require such changes to be made as will in his opinion decrease the hazards incident to said facility; but any such inspection or required changes or any failure to so inspect, or to require changes to be made, shall not affect any of the obligations assumed by the said Licensee hereunder.

Second. The said Licensee shall bear the costs of all protection which the Railway Company may require for its tracks or property during construction and maintenance hereby authorized and of all repairs, changes, additions or betterments to said Railway Company's tracks or property made necessary on account of same. If in the judgment of the Railway Company it shall be necessary to provide support for its tracks during the work of construction or maintenance the Railway Company will provide such support, and the entire cost thereof will be paid by the said Licensee promptly upon receipt of bill therefor.

Third. The Licensee shall pay all taxes, general and special, license fees or other charges which may become due or which may be assessed against the premises of the Railway Company because of the construction, existence, operation or use of said Facility, the Licensee, or the business conducted in connection with said Facility, and shall reimburse the Railway Company for any such taxes, license fees or other charge which may be paid by the Railway Company promptly upon the presentation by the Railway Company of bills therefor.

Fourth. The said Licensee will give to the Chief Engineer of the Railway Company at least ten days' notice in writing before entering upon the right of way of the Railway Company for con-

struction purposes, or for the purpose of making necessary repairs. The Railway Company reserves the right to judge of the necessity of repairs to said facility, and to require the Licensee to make such repairs upon ten days' notice in writing. In such case, said Licensee may enter upon said right of way without the ten days' notice above referred to, and shall proceed forthwith to make such repairs, and upon failure to do so within ten days, the Railway Company shall have the right to make said repairs and collect the entire cost thereof from the Licensee. The Railway Company reserves the right, in case in its opinion the safety of its tracks or property demands it, to make emergency repairs without notice to the Licensee and to collect the cost thereof from Licensee as herein provided.

Fifth. It is understood by the Licensee that said facility is subject to and may increase the dangers and hazards of the operation of the railroad of the Railway Company, and that this license is subject to all risks thereof. Therefore, and as a material consideration to the Railway Company for entering into this license and without which the Railway Company will not enter into same, the Licensee agrees to assume and pay for all loss or damage or property whatsover, and injury to or death of any person, or persons whomsoever, including all costs and expenses incident thereto, however arising from or in connection with the existence, construction, maintenance, repair, renewal, reconstruction, operation, use or removal of said facility, or any defect therein or failure thereof, or the failure of the Licensee or members, officers or agents of the Licensee to abide by or comply with any of the terms or conditions of this license; and the Licensee forever indemnifies the Railway Company against and agrees to save it harmless from any and all claims, demands, law suits or liability for any such loss, damage, injury and death, costs and expenses, even though the operation of the Raiway Company's railroad may have caused or contributed thereto.

Sixth. The Railway Company reserves the right to use, occupy and enjoy its tracks, property and right of way, for such purpose, in such manner, and at such time as it shall desire, the same as if this instrument had not been executed by it. If any such use shall necessitate any change, repair, renewal, removal or relocation of said facility, or any part thereof, the Licensee shall perform such work at such time as the Railway Company may approve and if the Licensee fails to do so such work may be performed by the Railway Company at the expense of the Licensee and the said Railway Company shall not be liable to the Licensee on account of any damage growing out of any use which the Railway Company may make of its tracks, property and right of way.

In case any of the terms or provisions of this license have been performed or carried out prior to the actual date of execution hereof it is understood and agreed that this license shall nevertheless be of the same force and effect as though same had been executed by the parties prior to such performance.

Seventh. The Railway Company shall have the right at any time to revoke this license by giving thirty days' notice in writing to the Licensee and at the expiration of the time limited by said notice, or upon any other revocation of this license, the Licensee shall promptly, and in the manner directed by said Chief Engineer, remove all construction hereby authorized from the premises of the Railway Company and leave said premises in the same condition in which they were before the installation of the same. Upon default of the Licensee so to do, the Railway Company may remove the same and restore its premises, and the Licensee will promptly pay to the Railway Company the cost of so doing.

Eighth. The waiver of a breach of any of the terms or conditions hereof shall be limited to the act or acts constituting such breach, and shall never be construed as being a continuing or permanent waiver of any such terms or conditions, all of which shall be and remain in full force and effect as to future acts or happenings, notwithstanding any such waiver.

Ninth. This license is personal to said Licensee and is not assignable or transferable, without the written consent of the Railway Company being first obtained.

Tenth. In consideration of the Railway Company's giving to the Licensee the rights and privileges above specified without any charge therefor, the Licensee, by the acceptance of this license, hereby agrees that it will not levy or assess any special tax or special assessment against Railway Company or against or upon Railway Company's properties for the construction or use of the improvement of which said facility is a part; and, the Licensee hereby forever indemnifies Railway Company against and agrees to save Railway Company harmless from any and all claims, demands, lawsuits or liability whatsoever for any such special tax or special assessment. If, notwithstanding the foregoing provisions, any such special tax or special assessment shall be levied or assessed upon or against said Railway Company's properties, the Railway Company shall have the following elections, to wit:

(a) Railway Company may make such payments as may be necessary to satisfy and discharge any liens for such special tax or special assessment and in case of such payment the Licensee agrees to make repayment on demand with interest at the rate of five per cent (5%) per annum from the date of such payment so made by Railway Company.

(b) Railway Company may file this license agreement for recording in the office of the Recorder of Deeds of the county in which said properties are located and such filing shall constitute a complete discharge and release of any lien against said Railway Company's properties for such special tax or special assessment.

(c) Railway Company may terminate this license by filing a notice of termination with such Recorder of Deeds for recording and forwarding a copy thereof through certified or registered mail, postage prepaid to Licensee, whereupon all rights, privileges and interests herein granted to Licensee shall immediately cease and determine with the right of Railway Company to make immediate re-entry and without any further obligations or any liability on the part of Railway Company in respect to any payments, setoffs, counterclaims, recoupment, crossbills or cross demands.

All rights, remedies and elections of Railway Company shall be cumulative.

Reports of Status of Pending Proposed Resolutions Under Council Rule 43.

Alderman Goldberg, Chairman of the City Council

Committee on Planning and Housing, submitted the following report:

September 7, 1967.

To Honorable Richard J. Daley, Presiding Officer of the City Council and the Aldermen of the City of Chicago:

The undersigned respectfully reports that on April 28, 1967, a proposed resolution was introduced by the Alderman of the Fifth Ward of the City of Chicago by which the City Council would direct the Department of Development and Planning to prepare and present to the City Council a full study and report on the possibility of acquiring and keeping, "the Illinois Central Railroad air rights as permanent open space".

The undersigned respectfully reports that no proceedings have been held before the City Council Committee on Planning and Housing with reference to said proposed resolution because the possibility and the principles of development of a portion of the Illinois Central Railroad air rights to which said proposed resolution apparently refers are currently under detailed study by a nationally known firm of consulting planners and landscape architects whose report should be considered prior to the taking of any action or proceedings by said Committee on Planning and Housing.

Respectfully submitted,

(Signed) MAYER GOLDBERG,
Chairman, City Council Committee on Planning and Housing.

September 7, 1967.

To Honorable Richard J. Daley, Presiding Officer of the City Council and the Aldermen of the City of Chicago:

The undersigned respectfully reports that on April 28, 1967, a proposed resolution was introduced by the Alderman of the Fifth Ward of the City of Chicago by which the City Council would urge the Chicago Housing Authority to adopt a certain policy with reference to its future activities. This proposed resolution was referred to your Committee on Planning and Housing.

The undersigned respectfully reports that no proceedings have been had upon said resolution by the City Council Committee on Planning and Housing because, upon investigation and consultation with authorized persons at the Chicago Housing Authority, it appears that the Chicago Housing Authority is actively pursuing a fixed and consistent policy of discouraging further high rise projects and of developing scattered small projects for low income housing throughout the city under proper and harmonious site plans and architectural conceptions; all precisely as specified in the resolution in question. Consequently, in the absence of any modification of said policy, it is contemplated that no proceedings be held upon said proposed resolution.

Respectfully submitted,

(Signed) MAYER GOLDBERG,
Chairman, City Council Committee on Planning and Housing.

September 7, 1967.

To Honorable Richard J. Daley, Presiding Officer of the City Council and the Aldermen of the City of Chicago:

The undersigned respectfully reports that on March 6, 1967, a proposed resolution was introduced by the Alderman of the Fifth Ward of the City of Chicago by which the City Council was requested to memorialize the Congress of the United States to enact a "bill against housing discrimination proposed by the President of the United States".

The undersigned respectfully reports that up to this date no proceedings have been held by your Committee on Planning and Housing on said proposed resolution. Said proposed resolution will be set for hearing and consideration by said Committee at the next meeting thereof which will be held prior to the next meeting of the City Council.

Respectfully submitted,

(Signed) MAYER GOLDBERG,
Chairman, City Council Committee on Planning and Housing.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 1 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 1, which shall apply to the year covered by this contract (1967), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 1, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $12,000, being 4% of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" being a part of this agreement is printed in this Journal on page 888]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 1 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially

[Continued from page 887]

the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $182,119. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $15,176, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" being a part of this agreement is printed in this Journal on page 889]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 1 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $300,000 (or a Monthly basis of $25,000) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 1 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $12,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 1 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $400,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $440,000 and $330,000, and additional fees would apply to an aggregate amount of $110,000.

SECTION 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

The Operator further agrees:

Tribute Paid to Late Lloyd M. Johnson.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward Lloyd M. Johnson, former Commissioner of Streets and Sanitation of the City of Chicago; and

WHEREAS, Mr. Johnson was born 67 years ago in Superior, Wisconsin, where he lived through his high school days, working during the summers in shipyards or with a construction crew. He was in the Army in 1918, and when the war was over he went to the University of Wisconsin, where he earned a degree in Mechanical Engineering. Upon graduation in 1923, he came to work for the Sanitary District of Chicago and became Chief Engineer of Maintenance and operation. In October, 1941, the late Mayor Edward J. Kelly offered him the post of Commissioner of Streets and Electricity, as the position was known then. Johnson accepted and he held the post through Mayor Kelly's second term, Mayor Martin H. Kennelly's two terms as Mayor, and under Mayor Richard J. Daley, until his retirement June 15, 1965, after 24 years in one of the most responsible posts in the city government. Johnson handled expenditures of about $72,000,000 a year; a peak payroll of just under seven thousand persons, and numerous contractual projects, such as operation of the Calumet Skyway toll bridge; maintenance of and collections from about 31,500 parking meters, and operation of 65 parking lots and 13 off-street, multilevel parking facilities. His responsibilities included the improvement, maintenance and repair of streets and alleys; street lighting, traffic signals and controls; parking of vehicles; refuse and garbage collections and disposal; street cleaning and snow removal; weed control and rodent eradication; and the fire alarm and police telegraph systems. The enormity of his task is further indicated by the fact that Chicago has approximately 543 miles of main thoroughfares, 4,000 miles of side streets and 7,000 miles of sidewalks; and

WHEREAS, Under his leadership, the City made an outstanding record of improvements in the solving of the garbage and refuse disposal problem; the cleaning of streets and alleys; the alleviation of downtown and neighborhood parking congestion; the modernization of traffic control signals and street sign systems; and the lighting of streets and railroad underpasses; and

WHEREAS, Mr. Johnson was considered one of the most able administrators in the nation, respected and admired for his ability to supervise and complete difficult assignments. His long career with the City included supervision of the construction of three large incinerator plants for refuse disposal, creation of the centralized snow removal program, and the developing of the city's one-way street pattern. After retiring as Commissioner, he served as an engineering consultant to several cities in the nation. The death of this genial, gray-haired man is a great loss to the people of Chicago; now, therefore,

Be It Resolved, That the members of the City Council of the City of Chicago in meeting assembled this 28th day of September, A. D. 1967, on behalf of the people of Chicago, do hereby express their everlasting gratitude for the substantial contributions made by Lloyd M. Johnson to the well being of all the citizens of Chicago and their deep regret at his passing, and extend to his bereaved family their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this memorial resolution be presented to the family of Lloyd M. Johnson as an expression of the sympathy and understanding which are felt throughout the City.

Nays—None.

Eulogies were extended by various Aldermen for the courtesies and progress made in the City of Chicago by the late Mr. Johnson.

Honorable Richard J. Daley, Mayor, also stated that the City had suffered a great loss in the death of Mr. Johnson, the former Commissioner, in the many programs which he initiated as Commissioner of Streets and Sanitation during his long years of service. The Mayor stated that the loss of Mr. Johnson and other devoted public employes who gave so much of their time, talent and efforts was a fine reflection upon the service rendered in the advancement of programs for the betterment of the City of Chicago, and often overlooked.

Tribute Paid to Late J. Arthur Kealy.

Honorable Richard J. Daley, Mayor, on behalf of

himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Mr. Kealy died on September 8, 1967 in his office in the Traffic Division of the Circuit Court of Cook County. He had been with the Office of the Corporation Counsel for the past ten years. For eight years he handled matters for the Department of Water and Sewers, the Department of Aviation and the Department of Purchases, Contracts and Supplies, and for the past two years had been asigned to the Traffic Court. Prior to his being with the City, he was engaged in general trial practice in all courts with his brother Eugene P. Kealy, now deceased. He was a graduate of St. Ignatius High School, Loyola University and Loyola University Law School; and

WHEREAS, Mr. Kealy was, to a degree, reticent rather than expansive; in all activities he revealed the virtues of gentle friendliness and modesty. These qualities endeared him to his wife and four children, his brother, the Right Reverend Monsignor J. Gerald Kealy, pastor of St. Gertrude's Roman Catholic Church, his five sisters, friends and brother lawyers, among whom he was recognized as an able and conscientious practitioner. J. Arthur Kealy found a rewarding life in serving the City, and his death will be keenly felt by all who knew him; now, therefore,

SECTION 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

SECTION 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 2 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 2, which shall apply to the year covered by this contract (1967), is hereby stated at $550,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgement of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for the year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City or Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 2, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $22,000, being 4% of a stipulated Basic Gross Revenue Level of $550,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $550,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 972 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 2 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthy Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fess, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $152,182. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $12,682, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 2 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $550,000 (or a Monthly basis of $45,833) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $605,000 (or on an adjusted Monthly basis of $50,417).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 2 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $22,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($550,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fee

In the event that the rates for parking at Facility No. 2 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $650,000 and the Basic Gross Revenue Level is $550,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $715,000 and $605,000, and additional fees would apply to an aggregate amount of $110,000.

B. The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1967, and ending on the 31st day of December 1967, unless said term shall be sooner terminated as provided.

IT IS FURTHER COVENANTED AND AGREED as follows:

SECTION 1. *Definition of Terms*

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 3 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 3, which shall apply to the year covered by this contract (1967), is hereby stated at $350,000.00.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgement of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City or Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 3, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $14,000.00 being 4% of a stipulated Basic Gross Revenue Level of $350,000.00.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000.00 each over and above the stipulated Basic Gross Revenue Level of $350,000.00.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 980 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 3 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $128,062. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $10,672, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Opperator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 981 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 3 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $350,000 (or a Monthly basis of $29,167) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $385,000 (or on an adjusted Monthly basis of $22,083).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 3 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amuont that shall represent 4% of the difference between the Basic Gross Revenue Level ($350,000) and the Adjusted Basic Gross Revenue Level (as defined above for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 3 are increased during the calendar year 1967,

Note: Re-imbursement of allowable expenses to the Operator shall be at the standard amount of $ 10,672 per month, subject to adjustment at the end of each of the calendar quarters of the year. See applicable provisions in this contract.

[Continued from page 979]

the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $450,000 and the Basic Gross Revenue Level is $350,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $495,000 and $385,000, and additional fees would apply to an aggregate amount of $110,000.

Execution of Parking Facility Operator's Agreement Authorized for Parking Facility No. 4 at No. 506 N. Rush St.

On motion of Alderman Keane the City Council took up for consideration the report of the Committee on Finance deferred and published on August 14, 1967, pages 739-740, recommending that the City Council pass a proposed ordinance transmitted with the committee's report [printed in Committee Pamphlet No. 2] to authorize execution of Parking Facility Operator's Agreement for Parking Facility No. 4 at No. 506 N. Rush Street.

Alderman Keane moved to concur in the committee's recommendation and pass said proposed ordinance.

Alderman Simon read a report prepared by DeLeuw Cather and Company which dealt with certain conditions existing in Parking Facility No. 4 and for the reasons which he stated the ordinance should not be passed. Alderman Keane replied that the report mentioned by Alderman Simon was not true, because at a later inspection, another report indicated that practically all the conditions cited had been rectified.

The main question thereupon being put, on the passage of the pending proposed ordinance, the motion *Prevailed,* by yeas and nays as follows:

Yeas—Aldermen Parrillo, Harvey, Holman, Lupo, Danaher, Swinarski, Staszcuk, Burke, Krska, Sheridan, Shannon, Hines, Fitzpatrick, Campbell, Frost, Kuta, Zydlo, Sain, Jambrone, Biggs, McMahon, Keane, Sulski, Laskowski, Aiello, Cullerton, Laurino, Goldberg, Rosenberg, Fifielski, Kerwin, Wigoda—32.

Nays—Aldermen Rayner, Cousins, Simon, Scholl, McCutcheon, Hoellen, O'Rourke, Sperling—8.

Alderman Campbell moved to *Reconsider* the foregoing vote. The motion was *Lost.*

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Streets and Sanitation is hereby authorized and directed to execute on behalf of the City of Chicago, and the City Comptroller to countersign, the Deputy Commissioner of Street Traffic to countersign, and the City Clerk to attest, upon approval of the Corporation Counsel as to form and legality, a parking Facility Operator's Agreement between the City of Chicago and the M & M Parking Company, for parking facility No. 4 at No. 506 N. Rush Street. Said agreement is attached to this ordinance and made a part hereof, the same as if incorporated herein.

SECTION 2. This ordinance shall be effective from and after the date of its passage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 4 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 4, which shall apply to the year covered by this contract (1967), is hereby stated at $250,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic

Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 4, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $10,000, being 4% of a stimpulated Basic Gross Revenue Level of $250,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $250,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 988 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 4 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $97,675. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $8,140, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 989 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 4 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $250,000 (or a Monthly basis of $20,833) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $275,000 (or on an adjusted Monthly basis of $29,167).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 4 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $10,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($250,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 4 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $360,000 and the Basic Gross Revenue Level is $250,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $275,000, and additional fees would apply to an aggregate amount of $110,000.

CHICAGO
PARKING FACILITY
OPERATOR'S AGREEMENT

This Agreement, made as of the ..... day of ....., A.D. 196....., between the City of Chicago, a municipal corporation of the State of Illinois, party of the first part, (Sometimes hereinafter referred to as "City"), and M & M Parking Company, a Corporation organized and existing under the laws of the State of Illinois, party of the second part, (Sometimes hereinafter referred to as "Operator").

Witnesseth:

A. That the City for and in consideration of the covenants and conditions as hereinafter set forth, hereby grants to the Operator the right to operate the facility described as follows:

Parking Facility No. 5
875 N. Rush Street

B. The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1967, and ending on the 31st day of December 1967, unless said term shall be sooner terminated as provided.

IT IS FURTHER COVENANTED AND AGREED as follows:

SECTION 1. *Definition of Terms*

"Bureau of Parking" is that body of the City of Chicago having management and control of the establishment, operation and maintenance of parking facilities.

"Commissioner" means the Commissioner of Streets and Sanitation of the City of Chicago or any other official designated by the City Council to have administrative supervision over the Bureau of Parking.

"Deputy Commissioner" means the Deputy Commissioner of Street Traffic, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking.

"Superintendent" means the Superintendent of the Bureau of Parking, City of Chicago, or any other official designated by the Commissioner to have administrative supervision of the Bureau of Parking. He shall be directly responsible to the Commissioner for all action affecting the operation and management of the municipally-owned parking facilities.

SECTION 2. The Operator has examined said premises and appurtenances prior to and as a condition precedent to its acceptance and the execution hereof, and is satisfied with the physical condition thereof and its taking possession shall be conclusive evidence of its receipt thereof in good order and repair except as otherwise specified herein and agrees and admits that no representations as to condition or repair has been made by the City or its agents which is not herein expressed or endorsed hereon; and that no promises to decorate, alter, repair or improve either before or at the execution hereof not contained herein has been made by the City or its agents.

SECTION 3. The Operator agrees to operate such facility in compliance with this Agreement and all laws, ordinances, rules and regulations which are now in effect or which may hereafter be adopted. The Operator further agrees to conform and comply with all rules and regulations of the Bureau of Parking.

SECTION 4. The Operator agrees to pay all fees, licenses, taxes and charges assessed under local, State and Federal Statutes or Ordinances insofar as they are applicable, subject to all provisions of this Agreement.

SECTION 5. The Operator agrees to operate the facility at its own expense subject to all provisions of this Agreement, and shall use and occupy the above premises solely for off-street parking of motor vehicles on a non-discriminatory basis.

In addition, all expenses incurred by the operator and approved by the Commissioner of Streets and Sanitation through the office of the Superintendent, Bureau of Parking shall be reimbursed to the operator by including such expenses as part of the overall budget allotted to the operator for the maintenance and management of said facility, as enumerated in this contract. Any subsequent expenses over and above that allotted by this contract shall be submitted to the Office of the Deputy Commissioner and approved in writing. Said expenses either to be pro-rated or paid at the expiration of the contract.

SECTION 5B. *Budget*: Operator shall, on or before January 15, 1967, submit to the Commissioner on a form prescribed by the Commissioner, a budget of all operating and maintenance expenses, whether or not reimbursable, for the period beginning at the date Facility is opened and ending December 31, 1967, with such detailed supporting data as the Deputy Commissioner of Street Traffic may, from time to time, request. Without limiting the generality of the foregoing, the budget shall show the number of persons to be employed by Operator, broken down into various classifications of employees to be used, and also the work schedule and pay rates for each such classification. Each expense item for which reimbursement will be claimed shall be designated as a reimbursable item. Operator shall from time to time submit to the Commissioner supplements to said budget whenever, in the opinion of Operator, changes in or additions to said budget are necessary. On or before November 30th of each year, beginning with the year 1967, Operator shall submit to the Commissioner or his representative a similar budget for the next calendar year.

No expenditure for any operating or maintenance expense shall be eligible for reimbursement unless said expenditure is included, either before or after it is made, in a budget or supplemental budget approved by the Commissioner.

SECTION 6. The Operator shall make no alterations or additions without the prior consent of the City of Chicago. All alterations and additions shall remain as part of the premises unless the City shall otherwise elect; this included in particular, but not exclusively, locks, bolts and all fixtures.

SECTION 7. The Operator agrees to operate the facility twenty-four (24) hours a day, seven (7) days a week, holidays included. The hours of operation may be changed from time to time by the Commissioner, when authorized and directed to do so by the City Council of the City of Chicago. Such change shall take effect within forty-eight (48) hours, Sundays and holidays excluded, after written notice thereof is received by the Operator.

SECTION 8. Commercial vehicles may be parked upon the premises only with the permission in writing of the Commissioner and no vehicle whatsoever be permitted to be parked thereon free of charge.

Neither the Operator nor any of its employees shall at any time remove from the premises any automobile placed thereon for parking purposes, except with the written permission of the Commis-

sioner, or his duly authorized representative. Neither the Operator nor its employees shall enter or drive any automobile which has been placed upon the premises for the purpose of self-parking without the written permission of the Commissioner, or his duly authorized representative.

SECTION 9. The Operator agrees to maintain the facility at its own expense, subject to all provisions of the Agreement from day to day, in good condition and repair, and agrees to specifically:

(i) Time stamp parking tickets, in accordance with regulations and directions of the Commissioner.

(j) Make minor necessary repairs to the plumbing, lighting and heating; Commissioner to determine what constitutes a minor repair.

In the event that the Operator shall fail to comply with any of the above obligations, the City may, after five (5) days notice to comply, in addition to other remedies set forth herein, enter upon said premises and take all steps necessary to insure compliance with the above obligations; and all work, labor and materials shall be charged to and paid for by the Operator, plus a reasonable amount for the overhead of the City.

SECTION 11. The Operator covenants and agrees to pay, subject to all provisions of this Agreement, all damages for injuries to real or personal property growing out of any negligent act or deed or any omission to act of the Operator or any servant, agent, or employee of the Operator in connection with the operation of the facility under the Agreement and the Operator covenants and agrees to indemnify, save, and keep the City harmless against all liabilities, judgements, costs, damages, and expense of and from any and all claims of any kind or nature whatsoever which may in anywise come against the City for or on account of personal injuries to real or personal property or to the loss of any personal property caused or claimed to have been caused as a result of the use of said premises and of the parking of motor vehicles in said premises, including court and stenographic costs and an amount in reimbursement of attorney's fees. Specifically, and not in limitation of the above and foregoing, the Operator agrees to pay all costs of automobile damages.

SECTION 12. The City of Chicago, Parking Revenue Fund, at its own expense, at or before the execution and subject to all provisions of this Agreement, agrees to furnish all of the insurance required under this Section 12. All policies of insurance shall be in the name as designated below and shall be delivered to and held by the City Comptroller and shall be with insurance companies approved by the City Comptroller.

Each such insurance policy shall contain a provision that it cannot be cancelled unless thirty (30) days notice of cancellation shall first have been served upon the City Comptroller.

The following policies shall be in the name of the City of Chicago and the Operator:

It is further agreed that any additional premiums or audits shall be paid by the City of Chicago; any return premiums or audits shall be paid to the City of Chicago.

SECTION 13. If said Parking Facility shall be damaged by fire, explosion, or other casualty and if, in the opinion of the Commissioner, said damages are repairable within a reasonable time, the Operator agrees to make all repairs according to plans and specifications approved by the Commissioner, which are necessary to restore the parking facility to the condition which existed prior to said damage.

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a resonable time, will constitute an abandonment by the Operator.

The cost of such repairs or restoration shall be paid over from the funds received by the City under insurance policies insofar as they will cover the damage or loss insured. 50% of the balance of such cost shall be paid by the city. 50% shall be paid by the Operator.

SECTION 14. The Operator agrees to keep accurate records, books, and accounts in a manner directed by the Commissioner and authorized personnel shall have the right to examine said records, books, and accounts at any reasonable time.

SECTION 15. The Operator agrees to deliver to the City at the time of execution of this agreement, an approved government bond payable to Bearer or the City of Chicago or an approved performance bond in the amount of $20,000.00 and conditioned upon the full and faithful performance by the Operator of each and all of the covenants and agreements and undertakings as set forth in this Agreement. Such bond to be approved by the Comptroller.

SECTION 16. Upon termination of this Agreement by lapse of time or otherwise, the Operator shall surrender and turn over possession of the premises to the City in the same manner and condition as it received the premises, excepting reasonable wear and tear.

SECTION 17. No signs, billboards, posters or similar devices shall be erected, displayed or mounted in view of the general public or about the parking facility without the prior written approval of the Commissioner and any such signs, billboards, posters or similar devices not approved by him may be removed by the City at the expense of the Operator. The City may from time to time erect and maintain on the premises such signs as it may deem advisable.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 5 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 5, which shall apply to the year covered by this contract (1967), is hereby stated at $150,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City or Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 5, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $6,000, being 4% of a stipulated Basic Gross Revenue Level of $150,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $150,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 996 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility

No. 5 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $120,348. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $10,029, subject, however, to adjustment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 997 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 5 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $150,000 (or a Monthly basis of $12,500) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis of $165,000 (or on an adjusted Monthly basis of $13,750).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 5 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $6,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($150,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 5 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $250,000 and the Basic Gross Revenue Level is $150,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $275,000 and $165,000 and additional fees would apply to an aggregate amount of $110,000.

SECTION 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. Attention is called to the State Acts approved July 28, 1961. Ill. Rev. Stat. 1963, Ch. 38, Sections 13-1 to 13-4 inclusive; July 8, 1933, Ill. Rev. Stat. 1963, Ch. 29, Secs. 17 to 24 inclusive; and July 21, 1961, Ill. Rev. Stat. 1963, Ch. 48, Secs. 851 to 866 inclusive, and an ordinance passed by the City Council of the City of Chicago, August 21, 1945, page 3877 of the Journal of the Proceedings. To demonstrate compliance the Operator, Contractors and Sub-Contractors will furnish such reports and information as requested by the Chicago Commission on Human Relations.

ment shall be computed, finalized, and in due course settled on a yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $154,320. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $12,944, subject, however, to adjust at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 1004 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 6 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility (*for that proportion of the year for which effective*) shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase, the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $350,000 (or a Monthly basis of $29,167) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis on $385,000 (or on an adjusted Monthly basis of $32,083).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 6 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amount that shall represent 4% of the difference between the Basic Gross Revenue Level ($350,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 6 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without charge (*for that proportion of the year for which increases are effective*) to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if without rate increases the Actual Gross Revenue is $450,000 and the Basic Gross Revenue Level is $350,000 (as stipulated), additional fees would apply (to "blocks" of $25,000.00 each) to an aggregate amount of $100,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $495,000 and $385,000, and additional fees would apply to an aggregate amount of $110,000.

SECTION 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. Operator further agrees that this clause will be incorporated by Operator in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this contract. SECTION 21. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expended by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise.

If default be made in the payment of the sum due hereinabove reserved, or in any installment thereof as herein provided, the Operator hereby irrevocably constitutes any attorney of any court of record in this State, attorney for it and in its name, from time to time, to waive the issuance of process and service thereof to waive trial by jury, to confess judgment in favor of the City and against the Operator for the amount of the sums which may be then due, by virtue of the terms hereof, or by virtue of any hold over after the termination hereof, and which may be in default, as aforesaid, together with the costs of such proceedings, and for such purposes to file in said cause its cognovit thereof, and to make an Agreement in said cognovit or elsewhere, waiving and releasing all errors which may intervene in any such proceeding and waiving and releasing all right of appeal and right of writ of error, and consenting to an immediate execution upon such judgment, and the Operator hereby confirms all that said attorney may lawfully do by virtue hereof.

B. The term of this Agreement shall be for the period of one (1) year beginning on the 1st day of January, 1967, and ending on the 31st day of December 1967, unless said term shall be sooner terminated as provided.

IT IS FURTHER COVENANTED AND AGREED as follows:

Failure to submit plans and specifications to the Commissioner within ten (10) days, or failure to commence such restoration work within five (5) days after the Operator has received the approved plans and specifications from the Commissioner, or failure to complete such restoration work within a reasonable time, will constitute an abandonment by the Operator.

SECTION 18. Compensation to Operator—Definitions.

Basic Gross Revenue Level

The Basic Gross Revenue Level is that average level of performance, actually attained by Facility No. 8 during selected series of consecutive prior years, which in the opinion of the Commissioner best represents that average level of yearly gross revenue against which the essential growth of the Facility may reasonably be measured.

The Basic Gross Revenue Level of Facility No. 8, which shall apply to the year covered by this contract (1967), is hereby stated at $300,000.

Basic Fees

The Basic (or minimum) Fee is that amount of compensation which, in the judgment of the Commissioner, represents reasonable base payment for achieving (in the year 1967) the stipulated Basic Gross Revenue Level.

Actual Gross Revenue Level

The Actual Gross Revenue Level (for the year 1967) shall be the actual dollar amount of gross revenue from parking fees for that year (covered by this contract), actually or constructively received by the City of Chicago from this Facility in 1967 as shall be determined by an examination of such actual revenues by the City of Chicago or its appointed public accountant after the close of such year.

Additional (Incremental) Fees

The Additional (Incremental) Fees shall be that compensation to the Operator over and above the Basic Fee, and shall apply to that amount of gross revenues represented by the difference between the Basic Gross Revenue Level (to which the Basic Fee applies) and the Actual Gross Revenue of the Facility for the year 1967. Such additional incremental fees shall apply to each separate (and progressive) "block" of gross revenue of $25,000.00 (or residual part thereof) over and above the Basic Gross Revenue Level, and shall be at progressively greater rates (percents) on each such successive "block" (or part thereof).

Compensation to Operator

For his faithful performance as Operator of Facility No. 8, in accordance with all the provisions of this contract, the Operator shall be paid as Operator's Fees in settlement for the year 1967 under this contract as follows:

(a) A Basic (or minimum) Fee of $14,000, being 4⅔% of a stipulated Basic Gross Revenue Level of $300,000.

(b) Additional (and progressively greater) Fees on successive "blocks" of gross revenue of $25,000 each over and above the stipulated Basic Gross Revenue Level of $300,000.

(c) Combined Total Fees as reflected on the following Exhibit "A" which embodies the intent and purpose of the two preceding stipulations.

[Exhibit "A" printed on page 1011 of this Journal]

Yearly Settlement with Operator

Final settlement with the Operator of Facility No. 8 for both fees and reimbursement of expenses and costs shall be made on the basis of the Calendar Year, and on the basis of actual results of operations for that year, as determined by an examination of the accounts of the Operator by the City or by its designated public accountants, after the close of such year.

Reimbursement to Operator for all Allowable Expenses and Costs Incurred

It is hereby stipulated that the City will reimburse the Operator for all allowable expenses and costs incurred by the Operator in the operation of the Facility in the year covered by this contract (1967).

The City's final and total obligation in this respect shall be determined by an examination of the Operator's accounts by the City after the close of the calendar year 1967.

Monthly Payments to Operator for Operator's Fees and Expense Reimbursements

It is hereby agreed that, although the Operator's Total Yearly Fee and Total Expense Reimbursement shall be computed, finalized, and in due course settled on a Yearly basis, and specifically on the basis of actual results of operations for the year covered by this contract (1967), there shall be made each month by the City to the Operator a Monthly Payment intended to cover substantially the Operator's fees and budgeted expenses for each such month, under a method that shall conform essentially to the formula for annual settlement of such fees, expenses and costs.

For the purpose of this contract, it is estimated at this time that the Operator's total allowable expenses and costs for the calendar year 1967 should approximate $124,092. It is hereby stipulated, therefore, that for the purposes of a Monthly reimbursement to the Operator for allowable costs and expenses of operation, the City shall pay to the Operator for each month of operation a Monthly Standard Budgeted Expense and Cost Reimbursement of $10,341, subject, however, to adjust-

ment at the end of each quarter of the year, as explained forthwith.

As soon as practicable after the end of each quarter of the year 1967, the Operator shall determine the actual expenses of the Facility for the quarter just ended; and payment by the City for the third month of that quarter shall be in an amount which, when added to the two Standard payments that shall already have been made for that quarter, will approximate the Operator's actual allowable expenses and costs for that quarter, according to the Operator's books of account.

Such Monthly payments shall be made by the City to the Operator within 15 days after the close of the Operator's month of operation.

Schedule of Fees and Expense Reimbursements

In order to show clearly the Monthly amounts due Operator for both fees and budgeted expense reimbursements attaching to various Monthly levels of Gross Revenue, the following Exhibit "B" (which reflects this information) is hereby made a part of this contract.

[Exhibit "B" printed on page 1012 of this Journal]

Compensation to Operator—Miscellaneous Provisions

In the event that the rates for parking at Facility No. 8 are increased at any time during the calendar year 1967, the percent effect of such rate increases on the aggregate gross dollar revenue of the Facility *(for that proportion of the year for which effective)* shall be determined; and the net rate of increase (as so determined) shall be applied to be stipulated Basic Gross Revenue Level in order to arrive at an Adjusted Basic Gross Revenue Level.

Thus, if the effect of the rate increase is to increase the Aggregate gross revenue by 10%, the Basic Gross Revenue Level, stated on a Yearly basis of $300,000 (or a Monthly basis of $25,000) shall be increased to an Adjusted Basic Gross Revenue Level, stated on a Yearly basis of $330,000 (or on an adjusted Monthly basis of $27,500).

Effect of Increase in Parking Rates on Basic Fee

In the event that the rates for parking at Facility No. 8 are increased at any time during the calendar year 1967, the Operator shall be paid his stipulated yearly Basic Fee of $14,000, plus an amount that shall represent 4⅔% of the difference between the Basic Gross Revenue Level ($300,000) and the Adjusted Basic Gross Revenue Level (as defined above) for that proportion of the year 1967 during which the increase in rates shall be effective.

Effect of Increase in Parking Rates on Additional (or Incremental) Fees

In the event that the rates for parking at Facility No. 8 are increased during the calendar year 1967, the Basic Gross Revenue Level shall be increased (as indicated above) to an Adjusted Basic Gross Revenue Level, and the additional fees shall apply without change *(for that proportion of the year for which increases are effective)* to that amount of gross revenue represented by the difference between the Adjusted Basic Gross Revenue Level and the Actual Gross Revenue (which shall reflect the increased dollars). Thus, to illustrate, if Without rate increases the Actual Gross Revenue is $350,000 and the Basic Gross Revenue Level is $300,000 (as stipulated), additional fees would apply to "blocks" of $25,000.00 each) to an aggregate amount of $50,000. If, however, there is a rate increase of 10%, the actual gross revenues and Basic Revenue Level would (placed on a Yearly basis) become, respectively, $385,000 and $330,000, and additional fees would apply to an aggregate amount of $55,000.

Effect of Increase in Parking Rates on Basic and Additional Fees—Limiting Provision

It is hereby stipulated that the provisions above, dealing with additional compensation to the Operator in the event of an increase of parking rates at Facility No. 8, are predicated on the necessary requirement that in each case the Facility's *actual* gross revenue (stated on a yearly basis and reflecting the effect of the rate increase) will exceed the *Adjusted* Basic Gross Revenue Level.

If the actual gross revenue of Facility No. 8 (stated on a yearly basis and reflecting the effect of the rate increase) is less than the yearly Adjusted Basic Gross Revenue Level, the Operator's Total compensation (fee) shall be limited to 4⅔% of the actual gross revenue (which shall reflect the effect of the increase in rates).

SECTION 19. Operator agrees that in performing under this contract it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color or national origin, nor otherwise commit an unfair labor practice. SECTION 21. The Operator agrees to pay and discharge all costs, expenses and an amount in reimbursement for attorney's fees which shall be incurred and expended by the City in enforcing the covenants of this Agreement, whether by the institution of litigation or in taking advice of Counsel, or otherwise.
